

Respected Sir,

Myself Rohan Sheelvant from IIT Dharwad. Hope your visit to Indain is going great. As spoken with you earlier during your talk, I am looking for a **summer research internship between May 2019 to July 2019**. I had tried to contact some professors directly in Canada, but didn't get any response from them. I request you to forward my request to your contacts in Canada. I am looking for a summer research internship **in the domain of Neural Networks, Machine learning, Deep learning or Artificial intelligence**. I am also enclosing my technical resume but should you require any more information, I would be glad to provide you. I look forward for your prompt response. Also, you mentioned that the requirement of CV format in Canada is a bit different, therefore it would be great if i can get a feedback on my resume.

Regards
Rohan Sheelvant....
